

CURRICULUM VITAE

Lampros Dimitrakopoulos

E-mail: lamdimit@otenet.gr

Personal Info

Last Name	Dimitrakopoulos
First Name	Lampros
Date of birth	May 29th, 1983
Place of birth	Athens, Greece
Phones	Home: +302106004129 Mobile: +306983939824
Nationality	Hellenic

Education

2008-2010	MSc, University of Athens (Greece), Clinical Chemistry Excellent (9,34/10) Master Thesis: «Development and clinical evaluation of MS-HRMA methods for the detection of methylation in CST6 and BRCA1 gene promoters»
2001-2008	B.Sc, University of Athens (Greece), Chemistry Very Good (6,62/10) Undergraduate Degree Thesis: «Expression study of hTERT splice variants in liver needle biopsies from hepatitis C positive patients, by quantitative RT-PCR», in Clinical Chemistry
2005-2006	Spent one semester as an exchange student (ERASMUS program), at the Chemical Faculty, Technical University of Gdansk, Poland. Received lectures in English.
2001	Graduated from 2 nd Lyceum of Halandri Excellent (18,2/20)

Professional Experience

07/2009-09/2009	<i>Training</i> at the Biochemistry Department of «Evangelismos» Hospital. Worked at cancer biomarkers section. Also worked with Modular Roche analysers, carrying out Biochemical tests.
11/2007 – 02/2008	<i>Training</i> at the Immunology-Histocompatibility Department of «Evangelismos» Hospital. Learned to use Flow Cytometry for immunophenotyping, mainly applied for diagnosis of leukemia.

Foreign Languages

English	Fluent (CPE Grade C, University of Cambridge, 2003 FCE Grade A, University of Cambridge, 1999)
---------	---

Computer Related Skills

Operating Systems	Windows
Office Suites	Experienced user of Microsoft Office (Word, Excel, PowerPoint)
Other programs	SPSS

Experimental Skills

- PCR
- Real-Time PCR
- Methylation Specific PCR (MSP)
- High Resolution Melting Analysis
- Methylation Sensitive High Resolution Melting Analysis (MS-HRM)
- Flow Cytometry
- DNA isolation
- RNA extraction
- cDNA synthesis
- Gel Electrophoresis

Presentations

Poster presentation	«Development of a Methylation-Sensitive High-Resolution Melting assay (MS-HRMA) for cystatin C (CST6)», L. Dimitrakopoulos, P. Vorkas, G. Sotiropoulou, V. Georgoulas, E. Lianidou, 102 nd AACR annual meeting, Orlando, Florida, USA, 2-6 April, 2011 and IFCC WorldLab Euromedlab 2011 Congress, Berlin, 15-19 May, 2011
Oral presentation	«Study of T lymphocytes activating parameters in myelodysplastic syndromes», M. Vikentiou, K. Psarra, V. Kapsimali, A. Theodorides, L. Dimitrakopoulos, K.

Liapis, C. Papasteriades, 5th Hellenic Flow Cytometry congress, Ancient Olympia, 4-7 June, 2008

Attendance of scientific meetings

September 2011	4 th International Symposium on Kallikreins and Kallikrein-Related Peptidases, Rhodes, Greece
October 2010	“9 th Hellenic congress of Clinical Chemistry”, Athens, Greece
May 2010	“ISE 2010 Meeting”, Chania, Greece
September 2009	“7 th International Symposium on Minimal Residual Cancer”, Athens, Greece
October 2008	“XVI Meeting of Balkan Clinical Laboratory Federation & 7 th Hellenic congress of Clinical Chemistry”, Athens, Greece
June-July 2008	“33 rd FEBS Congress & 11 th IUBMB Conference”, Athens, Greece
November 2006	“6 th Hellenic congress of Clinical Chemistry”, Athens, Greece

Other Activities

June-July 2008	“33 rd FEBS Congress & 11 th IUBMB Conference”, Athens, Greece-Helper of the organizing committee.
